

SHRADHA PANDEY

IT SUPPORT SPECIALIST | DESKTOP SUPPORT | SYSTEMS SUPPORT

Salt Lake City, UT | [linkedin.com/in/puju11](https://www.linkedin.com/in/puju11) | [shradhapandey25.github.io](https://github.com/shradhapandey25)

PROFESSIONAL SUMMARY

IT support professional with 8+ years of experience providing on-site and remote technical support across Windows, Microsoft 365, Active Directory, endpoint management, hardware, networking, and cloud-connected environments. Experienced in owning incidents from intake through resolution, administering user access for onboarding and offboarding, supporting Microsoft Intune and Entra ID, and automating routine administration with PowerShell. Strong background in ServiceNow and Jira ticketing, vendor and infrastructure-team escalation, knowledge base documentation, and translating technical issues into clear guidance for end users.

TECHNICAL SKILLS

Microsoft & Identity: Windows 10/11, Microsoft 365/Office, Active Directory, Entra ID, Microsoft Intune

IT Support & Endpoint: Desktop/laptop build and configuration, hardware troubleshooting, remote support, end-user support, onboarding/offboarding

Ticketing & Documentation: ServiceNow, Jira, incident ownership, escalation management, knowledge base documentation, process improvement

Networking: TCP/IP, DNS, DHCP, connectivity troubleshooting, network fundamentals

Scripting & Tools: PowerShell scripting and automation, foundational SQL, HTML

Platforms & Telephony: macOS, Ubuntu Linux, Genesys Cloud voice and call-routing support

Cloud: Microsoft Azure administration, AWS fundamentals

PROFESSIONAL EXPERIENCE

IT Support Technician II | Western Governors University | Nov 2022 - Jan 2024

- Delivered on-site and remote technical support for Windows, Microsoft 365, hardware, and connectivity issues, serving as a primary point of contact for incident response.
- Administered Active Directory user accounts, group access, and permissions for onboarding, offboarding, and access-management requests.
- Owned support tickets from intake through resolution, prioritized multiple incidents, communicated status clearly, and escalated complex issues to infrastructure teams when needed.
- Wrote and maintained PowerShell scripts to automate identity provisioning and routine administrative tasks, improving consistency across user-support workflows.
- Supported the Genesys cloud-based phone system, troubleshooting voice and call-routing issues in coordination with the broader technology team.
- Coordinated with vendors and internal teams on equipment repair, replacement, complex escalations, and recurring-issue documentation.

IT Support Technician I | Western Governors University | Mar 2022 - Nov 2022

- Resolved software, hardware, and connectivity incidents for end users in both remote and in-person support environments.
- Managed multiple concurrent tickets in a fast-paced queue while adapting priorities based on business impact and user needs.
- Explained technical issues and resolutions in clear, user-friendly language and contributed to knowledge base articles and process documentation.

Information Technology Assistant | Aatmagyan Prachar Sangh | Jun 2013 - Jan 2020

- Provided end-to-end technical support, independently handling incident response, workstation setup, hardware builds, troubleshooting, and end-user training.
- Maintained documentation for technical procedures, system configurations, troubleshooting steps, and recurring issue resolutions to support operational continuity.
- Researched and adopted new technologies independently, building practical knowledge across infrastructure, cloud platforms, networking, and security.

CERTIFICATIONS
